### **Questions for the week:**

1. Where do conflicts and quarrels come from according to James? Why is this important to understand the source? Is it important to understand that we are in a battle? Why?

2. Read Ephesians 4:17-32 and notice the put off (lay aside) and put on theme of these verses. How could these sinful attitudes and actions lead to quarrels and conflicts? Talk about the areas you need to put off and put on. Commit to pray with someone about this.

3. Romans 12:1-2 says the world is trying to conform us into its image. How have you seen this in your life? Discuss how Christians can be transformed. How would this help in battling your own sinful desires and battling worldly conformity?

4. James 4:6-10 lists 6 action items that help the Christian grow and please God. How would each action item help you? Choose one or two that affected you the most to talk about. Discuss how you plan to apply the action this week.
